BE OPEN

The heat of summer, the chill of winter, the freshness of spring, the richness of fall - the beauty of the transition and transformation of the seasons has inspired us to be in the moment...and embrace it.

Featuring three sophisticated broadloom styles, Embrace the Moment Collection approaches refined pattern and color with simplicity to support any design aesthetic, from contemporary to traditional.

Be Open is a simple yet striking stylized diamond pattern.

Be Present is a careful balance of pattern and color that creates an irregular plaid like effect.

Be Real is a near solid horizontal texture with two color accents that creates a subtle pattern for the floor.

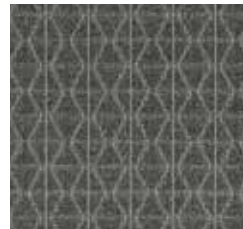

The seasonal-inspired color palette of Embrace the Moment Collection coordinates effortlessly with Wonder, Enlighten and Reveal carpet tiles of Embrace Collection.
