

Got a question about our Performance Turf?

Check out our Frequently Asked Questions for answers!

How much is Performance Turf?

The pricing of Performance Turf varies by the different options we have available. A few of the advantages of using Performance Turf is that not only will you potentially save money by not paying for lawn mowers, fertilizers and high water bills, but you will easily and consistently enjoy a freshly manicured grass area year round!

How do I install Performance Turf?

See Performance Turf installation instructions for details.

How wide is Performance Turf?

Our turf is available in 12' and 15' wide rolls.

How do I clean and maintain Performance Turf?

A simple leaf blower or vacuum cleaner will get rid of any pesky debris. Free Time Unitary has holes in the backing so you can also give your turf a spray with the water hose if needed and the water will be absorbed by the ground.

Is Performance Turf drainable?

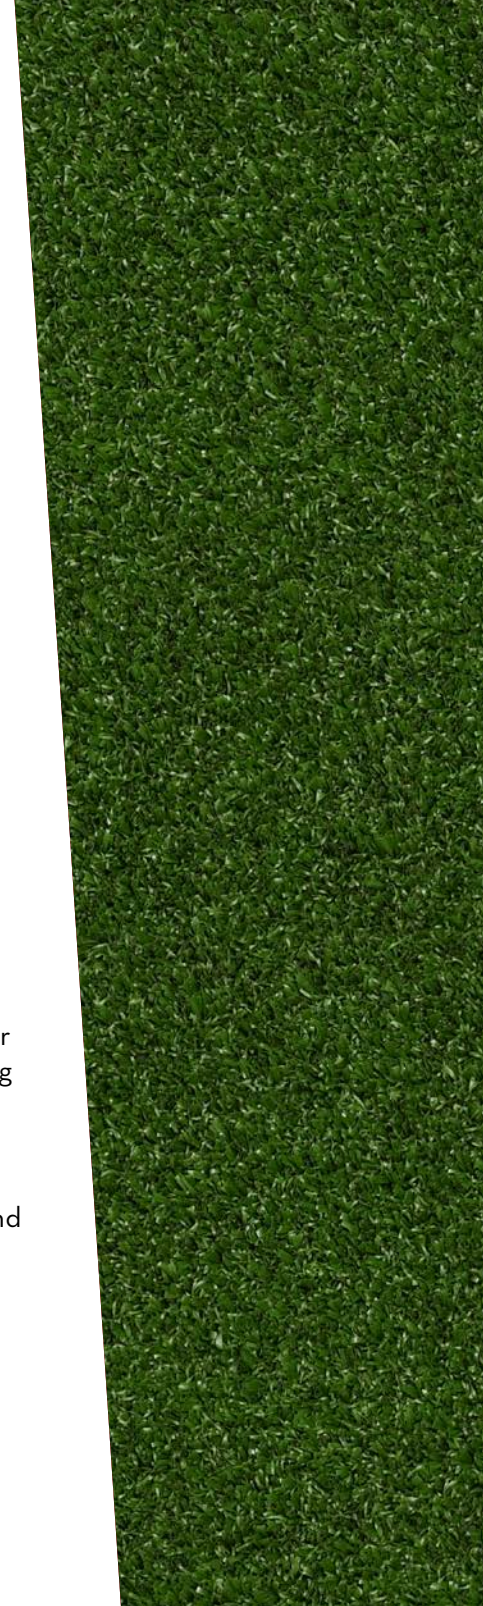

Free Time Unitary has holes in the backing which allow for quick and easy drainage.

Is Performance Turf pet friendly?

Of course! Our Free Time Unitary features a perforated urethane backing to allow flow-through for pet urine; all you need is a water hose and leaf blower to keep your turf fresh and free of debris. By using Performance Turf, you can also avoid exposing pets and kids to harmful fertilizers and chemicals often found in natural grass.

How long can I expect my Performance Turf to last?

For both indoor and outdoor usage, you can generally expect your turf to last around 8-15 years. Although this is dependent upon where you are located and the general weather conditions of your area.

What is Performance Turf made of?

Our turf is available in 3 fiber options. See below for more details!

Which Solution Is Right For Me?

Polypropylene

- Value/budget solution
- Indoor or outdoor

Turf options:

- Launch Unitary 24 oz. (54743); Launch w/ cushion 24 oz. (54714)
- Intensify Unitary 35 oz. (54716); Intensify w/ cushion 35 oz. (54717)

Nylon

- Class I fire rating
- Higher melting point (better for abrasion)
- Indoor

Turf options:

- Agility Unitary 24 oz. (54656); Agility w/ cushion 24 oz. (54574)
- Adrenaline Unitary 35 oz. (54653); Adrenaline w/ cushion 35 oz. (54712)
